

What is the key to a full life?

A full life means that people are receiving individualized supports to achieve their personally-defined outcomes.

The key to a full life involves support providers discovering what really matters to people receiving services, and then empowering those people to make their dreams a reality.

Network Accreditation

In Maryland's pursuit of Network Accreditation CQL will work directly with DDA and a Quality Improvement Organization (QIO) in capacity-building, quality monitoring, and quality enhancement. Human service organizations will be working directly with DDA and the QIO on the specific assessments and integration of standards.

Accreditation Components
