

# 8 Ways To Support People

# VOTE!

01

## Register to Vote

Information on voter registration at [vote.gov](https://www.vote.gov)

02

## Provide Accessible Voter Education

- ASAN: Autistic Self Advocacy Network Toolkit
- SABE: Voter Education Toolkit from SABE USA
- The Arc: Various Voting Resources

03

## Learn About Candidates & Issues

"Go online and search for the candidates, find out issues on the local news, and that the candidates hold community events!"

– Stacey Ranieri, Self Advocate

04

## Understand Local Voting Processes

Talk with poll workers and local leaders to understand local voting processes such as polling locations, accessibility, early voting, and more!

05

## Help People Get to the Polls

Provide accessible transportation to polling locations and assistance, as needed, with voting machines.

06

## Encourage Support from Family & Guardians

Some parents, family members, or guardians may be hesitant to see their loved ones vote because they may not think they could understand the process. This is not the case!

07

## Get Involved

Get involved in the disability vote through organizations such as the American Association of People with Disabilities (AAPD) and its REV UP Voting Campaign.

08

## Stay Active!

Remind others to vote, spread the word on social media, help with a campaign, attend council meetings, send thank you letters to local election officials and polling volunteers, or even become a poll worker!
